

December 2006

Dear sir/ madam,

Thank you for your interest in the 'Evidence-Based Planning and Support Tool for SRHR / HIV-Prevention Interventions for Young People'.

The tool is developed by the World Population Foundation in collaboration with STOP AIDS NOW! and their partner organisations (Oxfam-Novib, Cordaid, HIVOS, ICCO, Edukans, Save the Children NL and the Aids Fonds) and Maastricht University and tailored to the experience and capacity of the organisations that will work with the tool.

This tool is the first version, and will be tested out in various settings, amongst others with a number of South African organisations.

To be able to improve the tool, we would very much like to receive your feedback on the usefulness and comprehensiveness of the tool. If you have any comments or suggestions, please contact Ms. Joanne Leerlooijer or Ms. Maaïke Stolte.

Kind regards,

Joanne Leerlooijer
